The Constantin-Marin Antohi "INVEST - INVENT" Fair of Inventions and Practical Ideas is a good opportunity to make a transfer of scientific and technical ideas from the academic area to the productive area and to the business community. This fair is a chance to affirm and promote technical creativity, to offer businesses the opportunity to apply the results of innovative research. The prizes will be proposed and awarded by an international jury of specialists in each field.

The prizes will be established according to the participation section, the INVENTIONS SECTION and the PRACTICAL IDEAS SECTION. The Grand Prize will be chosen from the "INVENTIONS" section and the prizes are as follows:

- a) The Grand Prize „ INVEST –INVENT”.
- b) Prize of the "Fair of Inventions and Practical Ideas", Inventions Section.
- c) Prize of the "Fair of Inventions and Practical Ideas", Practical Ideas Section.
